

## Equipping God's People Class

Take the next step in ministry. The Equipping God's People class is being taught at Niles Valley United Methodist Church, so that we can learn, pray and consider how God may use us at this incredibly important time in history. Class

will meet once a month, as detailed below. Growing Effective Churches is a focus for our Susquehanna Conference. It is through this emphasis that the class is made available to us. The purpose of the class is to give members the experience, purpose and tools for continuing to make UM congregations VITAL for our mission with God to love the world.

Join us for this class. Ephesians 4:12 calls us to this work: ..."to equip God's people for the work of sharing and building up the body of Christ..."
